

The purpose of the Personal Action/Project plan is to assist you in customizing the summer workshop to meet your specific Course Enhancement needs and web development goals.

The FDI Personal Action/Project plan is envisioned as an ongoing process in which you will

- Describe your desired instructional purpose(s) and benefit(s).
- Identify your support need(s) to develop the desired web component.
- Consider the impact of using the web on your overall teaching approach.
- Determine the scope and focus of your development effort during the summer.
- Create an implementation plan to fully realize your desired goals and objectives

If you have questions regarding the Action/Project Plan, please contact Ed Schwartz, (Ed.Schwartz@vt.edu) the Track - D Facilitator.

Creating your personal action/project plan

Use this PDF form to complete the process

Your Name: _____

- 1 Indicate your desired usage of the Internet for Course Enhancement in the context of the current course syllabus and its instructional goals.

- 2 Identify your reasons for using the Web as part of teaching a specific course.
